# TAGXTER
SITE GUIDE

Optimizing visiting processes and **truck handling** on company sites *via app*

Digital Yard Management

- **On-site navigation:** Navigation including all traffic regulations and safety rules

- **Digital Pager (Chat):** Communication with truck drivers incl. automatic translations

- **Digital forms:** Implementation of mobile registrations, safety briefings or load restraint documentations

- **Construction Zone Management:** Administration and communication of construction areas and other special zones

- **Analysis, interactive site maps, tracking** and much more

• Simple coordination and fast processing • Overcoming language barriers
• Recording the processing time • Less "paperwork" • Increased plant security
• Can be implemented quick and easy • Cheaper than hardware solutions
• Already in use on 40+ sites

Your yard management software / WMS / SAP or
Site Guide Content Management System

Truck arrives	registration and / or security tests	Communication / call for loading	Navigation to loading points, scales etc.	Truck exits
	Conventional solutions:	Conventional solutions:	Conventional solutions:	
	Costly hardware terminals	Hardware pager	Papier based plans	
	Papier forms	Display boards	Expensive road signage	
	Manual verbal registration	Manual pickup	Verbal directions
